The capsule has a transparent top and a colored base [choose fitting color: e.g., royal blue, gold, black, red], decorated with [motifs related to the person]. The base is labeled with [NAME or NICKNAME] in a matching font style. The design should look like a miniature collectible, with photorealistic detail and soft bokeh.

Prompt :

A soft, high-quality plush toy of [CHARACTER], with an oversized head, small body, and stubby limbs. Made of fuzzy fabric with visible stitching and embroidered facial features. The plush is shown sitting or standing against a neutral background. The expression is cute or expressive, and it wears simple clothes or iconic accessories if relevant. Lighting is soft and even, with a realistic, collectible plush look. Centered, full-body view.

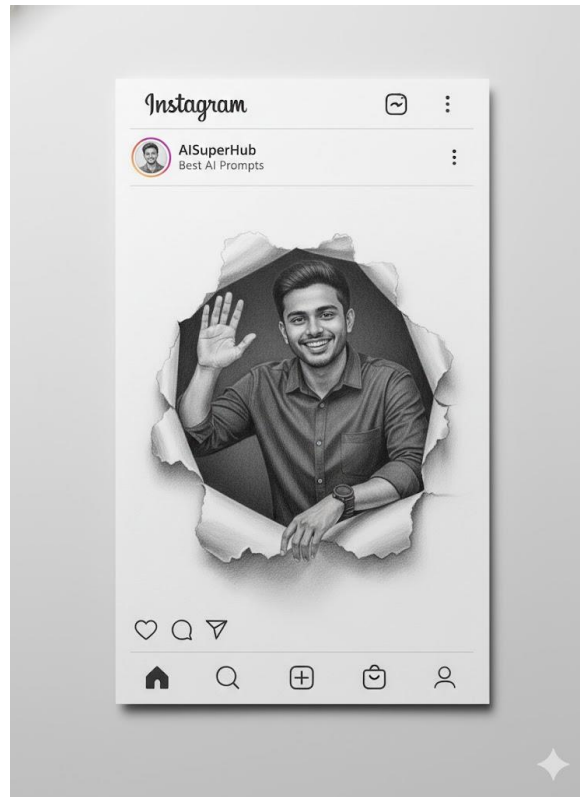

Prompt □:

Making a playful peace sign with both hands and winking. Tearful eyes and slightly trembling lips, showing a cute crying expression. Arms wide open in a warm, enthusiastic hug pose. Lying on their side asleep, resting on a tiny pillow with a sweet smile. Pointing forward with confidence, surrounded by shining visual effects. Blowing a kiss, with heart symbols floating around. Maintain the chibi aesthetic. Exaggerated, expressive big eyes. Soft facial lines. Background: Vibrant red with star or colorful confetti elements for decoration. Leave some clean white space around each sticker. Aspect ratio: 9:16

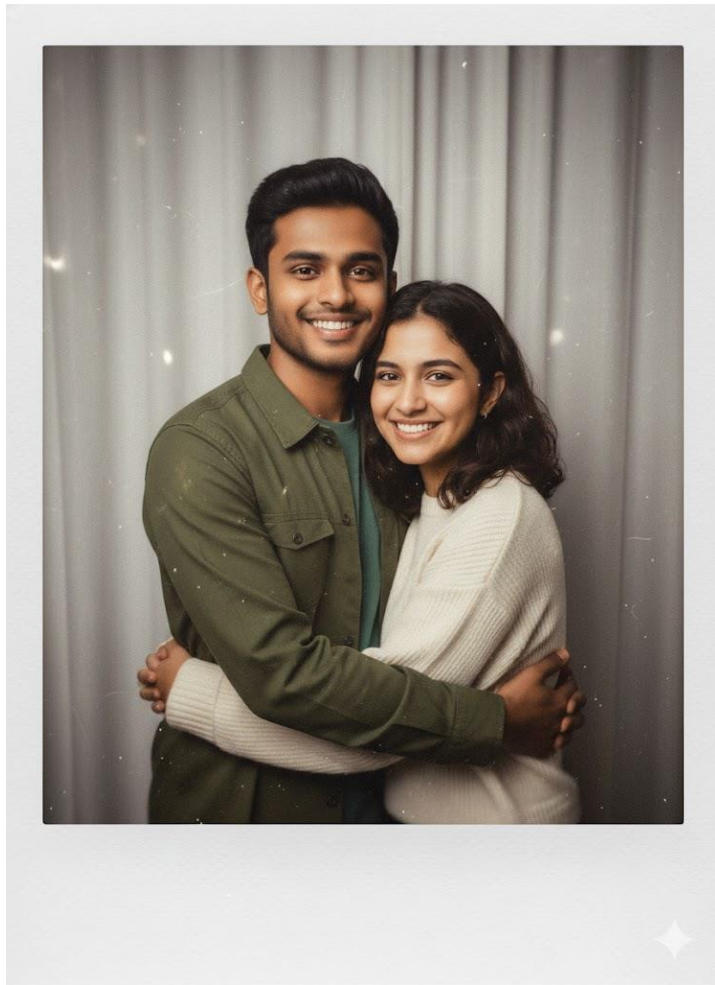

Make a gorgeous 4K HD portrait out of the uploaded picture. Long, black, wavy hair that falls over the subject's shoulders is ideal. She ought to be wearing a fitted blouse underneath a translucent, elegant red saree that is draped over one shoulder. Put some white flowers behind her right ear. She has a calm, gentle expression on her face and is looking slightly to her right. I would like her face to stay precisely as it is in the submitted photo, without any changes. A warm light source from the right should illuminate a plain, warm-toned wall in the background, casting a clear, soft-edged shadow of her hair and profile on the wall behind her. There should be an artsy and vintage vibe to the whole thing.

A hyper-realistic 8k photograph, captured with a 50mm lens and softbox studio lighting, showcasing a highly detailed 3D drawing on a pristine white piece of paper. The paper is cut and designed to perfectly mimic the interface of an Instagram post, centered on a slightly darker, plain white background. The top of the Instagram frame features the "Instagram" logo in its classic script, an Instagram camera icon, and a direct message paper airplane icon, along with a three-dot menu. Below this, a circular profile picture icon displays a miniature drawing of a smiling person, accompanied by the username "AISuperHub" and the name "Best AI Prompts". The central area of the Instagram post features a meticulously drawn, hyper-realistic depiction of a man, from the waist up, appearing to burst through a dramatically torn hole in the paper. The torn edges of the paper are rendered with incredible depth and shadow, creating a convincing trompe l'oeil effect of a three-dimensional rip. The man is smiling broadly, with his right hand raised in a friendly wave, and his left arm resting casually on the torn edge of the paper. He is wearing a dark, long-sleeved collared shirt and a dark watch on his left wrist. The character's face is uploaded face as reference. The bottom of the Instagram frame includes the iconic like, comment, share, and save icons, followed by the navigation bar with home, search, add post, reels, and profile icons. The entire artwork exhibits exceptional pencil art technique, with intricate shading and highly detailed textures that give the illusion of a real person interacting with a paper interface, enhanced by cinematic lighting that emphasizes the depth and realism of the 3D drawing.

Abstract expressive portrait paintings in a mixed media digital art style, combining semi-realistic facial renderings and bold painterly abstractions. Use cubist brushstrokes, layered paint textures, splatters, and scratches. Combine geometric lines, overlapping filled backgrounds and objects, sketch-like markings, and subtle grunge textures that line the face. The color palette is dominated by warm earth tones, a muted cream backdrop, accented with bold cabbage washes of orange, red, teal and blue. High contrast lighting, dramatic depth, modern contemporary art aesthetics, there are lots of overlapping love poems almost filling the frame, the face is exposed with a bit of bright colored handwriting, editorial fine art portrait style, painterly realism blends with abstract expressionism, textured canvas appearance, artistic imperfection, intense and emotional visual composition

Make a picture taken with a Polaroid camera. The photo should have a slight blur effect and a consistent light source, such as a flash from a dark room, scattered throughout the photo. Do not change the face. Replace the background behind the two people with a white curtain.

A cinematic portrait of myself, keeping my exact face unchanged. I am standing outdoors next to a classic green Alfa Romeo car, leaning casually against the front hood. My left hand rests firmly on the car near the emblem, while my right hand is hooked into my pocket. My posture is relaxed, with my torso turned slightly toward the camera but my gaze directed confidently to the side, away from the lens, giving a thoughtful and self-assured expression.

I am wearing a light olive-green button-up shirt with the sleeves rolled up to the elbows, the top buttons undone to reveal part of my chest. The shirt fabric is lightweight, slightly wrinkled, and casual. I pair it with brown trousers and a leather belt, which adds to the vintage, timeless aesthetic. The scene is set in warm natural evening light, casting golden tones across my skin and clothing, enhancing the atmosphere of late summer or early autumn. Behind me, the background is softly blurred, with hints of an open landscape and mountains in the distance. The photo is shot at eye level, using an 85mm portrait lens effect, creating shallow depth of field and cinematic focus on me and the car emblem while softly fading the horizon. The overall mood is nostalgic, elegant, and cinematic, Take Face From Uploaded image Keep same 100%

A monochrome portrait of me sitting in a relaxed pose against a plain background. My body is angled slightly forward, with my right arm bent upward so that my hand rests casually on my forehead, fingers framing the side of my face in a natural gesture. My left arm rests lower, close to my body. I am looking directly at the camera with a calm but slightly intense expression, lips slightly parted, giving the image a moody and introspective feeling. I am wearing a loose-fitting white T-shirt, slightly wrinkled, with small distressed details visible on the fabric near the chest area. The shirt drapes naturally across my torso and shoulders. I am also wearing dark denim jeans, with one knee bent upward and partly visible in the frame. The shot is taken at eye-level, using a portrait focal length around 85mm, which creates a shallow depth of field and keeps the background softly blurred. The black-and-white tones emphasize contrast, shadows, and textures, highlighting the casual outfit, the relaxed but expressive pose, and the overall moody, editorial style of the image, Take Face From Uploaded image Keep same 100%.

A close-up portrait of me standing in front of a mirror, with my reflection visible at the right edge of the frame. My body is turned slightly sideways toward the mirror, while my face is directed toward the camera, giving an intense and captivating gaze. My right arm is raised above my head, bent at the elbow, with my hand resting casually out of frame, creating a dynamic diagonal line. My left side is closer to the camera, while the reflection in the mirror shows the profile of my face and beard. I am wearing a dark denim shirt, slightly unbuttoned at the chest, revealing part of my collarbone and upper chest, adding a relaxed yet confident vibe. The shirt fabric is textured and matte, with visible seams and folds. My hair is styled in a voluminous, slightly messy way, and I have light stubble that enhances a rugged but refined look. The camera captures me at eye-level, with a portrait lens around 85mm, producing shallow depth of field that blurs the reflection slightly while keeping my direct gaze sharply in focus. The lighting is soft and moody, coming from the front and side, creating subtle shadows that emphasize my facial features and add depth to the scene. The overall mood is intimate, cinematic, and stylish, highlighting both my expression and the dual perspective through the mirror, Take Face From Uploaded image Keep same 100%

. A portrait of me leaning casually against a warm beige wall, softly lit by natural sunlight casting strong angular shadows. My body is slightly turned toward the wall, while my head is gently tilted downward as I look off to the side with a calm, thoughtful expression. My right arm rests loosely by my side, while my left hand is slipped casually into my trouser pocket, creating a relaxed and effortless posture. I am wearing a light cream-colored linen shirt with a deep open neckline, unbuttoned down the chest, and the sleeves rolled up to just below the elbows. The shirt fabric is airy and textured, giving a natural, summery vibe. I am also wearing matching light linen trousers with a loose, comfortable fit, held by a brown woven belt with a metallic buckle. The outfit has a Mediterranean, timeless elegance, combining casual sophistication with relaxed charm. The shot is captured at eye-level, using a portrait lens around 85mm, producing shallow depth of field and emphasizing the interplay of light and shadow on my clothing and the wall behind me. The overall mood is warm, cinematic, and intimate, with golden sunlight enhancing the textures and earthy tones of the scene, Take Face From Uploaded image Keep same 100%

A hyper-realistic full-body portrait of uploaded image. Their pose is "sitting". Beside them stands a vertical oversized "Facebook icon", placed firmly on the ground, slightly tilted for a stylish aesthetic. The object is approximately at arm-height, allowing them to casually lean one arm on it for support. In their other hand, they hold a "cup".

Create a giant hyper-realistic statue based on the given photo, keeping the original face exactly the same without changes. The statue stands tall in the middle of a roundabout in Dhaka, near a famous historical landmark. The statue is still under construction, surrounded by scaffolding, with many construction workers in yellow helmets and orange vests climbing, welding, and working on it. Parts of the statue's body are still exposed metal framework, while other sections are already detailed and finished. The background shows the realistic atmosphere of VARANASI CITY: crowded streets with colorful rickshaws, packed buses, and small cars circling the roundabout. Street vendors with tea stalls, fruit carts, and colorful umbrellas line the roadside. Shop signs, big billboards, and messy hanging electric wires crisscross above the streets, creating the typical Dhaka city vibe. The bright daytime sky shines above, with tropical trees and a bustling, lively atmosphere. prompt like aisuperhub.io , Style:
